INTERNSHIPS

- **Project Management Associate**

The Entrepreneurship Network, Virtual

Jun 2021 - Sep 2021

I am part of Project Management team in TEN where I am presenting with the tasks and it is a point-based system internship. I have to prepare documents on topics like Revenue generation ideas, MVP's, Roadmaps, Resource estimates and Raw mockups.

ACADEMICS/ PERSONAL PROJECTS

- **Customized Recommendations system**

Nov 2019 - Mar 2020

It is our final year project we have developed a recommendation system by using machine learning. In this we have two modules that is apparel recommendation and movie recommendation. These modules are developed using KNN algorithm.

- **Student Counselling**

May 2019 - Aug 2019

In our college some students will be assigned to faculty members, they have to counsel their particular students and maintains a book of students activities and academics. To replace books, we developed a web-based application for student counselling.
